

# WE ARE HIRING!

## SOFTWARE ARCHITECT

(m/f/div)

Location: **Berlin**

### GENERAL DESCRIPTION

---

ARE YOU READY TO JOIN **ONE OF THE MOST EXCITING FINTECH PROJECTS** ACROSS EUROPE AND BECOME **PART OF THE NEXT WAVE OF FINANCIAL DISRUPTION?**

FOR OUR BERLIN OFFICE **WE ARE LOOKING FOR A SOFTWARE ARCHITECT** EAGER TO LEARN AND HELP US TO SHAPE OUR NEXT GENERATION DIGITAL ASSET PRODUCTS!

WE ARE BUILDING A TEAM WITH DIVERSITY OF THOUGHT AND BACKGROUND, WHERE EVERYONE IS ENCOURAGED TO COME UP WITH NEW IDEAS TO MAKE OUR CUSTOMERS' LIVES BETTER. OUR ENGINEERS NOT ONLY WRITE CODE BUT HAVE A REAL MEANINGFUL IMPACT ON THE DIRECTION OF THE PRODUCT AND THE COMPANY ITSELF!

**SOUNDS EXCITING? SEND US YOUR CV AT [RECRUITING@FINOA.IO!](mailto:RECRUITING@FINOA.IO)**

### WHAT YOU WILL DO

---

- Work closely with the Product Management team and the CTO on defining and executing a product strategy that is aligned with Finoa's business growth objectives.
- Deliver software solutions to time, budget, and quality: take ownership for the whole development cycle - from architecture design to implementation, testing, and maintenance.
- Be passionate about building cross-platform products and solutions that are resilient, secure, and scalable to function in a global intensive business environment.
- Write code and design user interfaces that your peers praise for their elegance and add value by leveraging current trends in software design, architecture, and technology.
- Stay up-to-date on the latest developments in technology and web/mobile security to ensure the highest levels of stability and safety for the customer.

### YOUR PROFILE

---

- BS/MS degree in Computer Science, Engineering or another related subject.
- 3-5 years of experience with JavaScript, HTML, CSS, Bootstrap, React Native, iOS and Android development.
- Experience in C, C++, (Postgres) SQL and cryptography is a plus!
- Experienced in designing, developing, deploying and operating websites and cross-platform mobile apps.
- Excellent communication skills in English with the ability to communicate effectively with technical and non-technical teams – German and other languages are a plus!
- Previous experience within Financial Services and/or FinTech startups is a plus!
- A strong sense of long-term ownership of the work you do and believe in doing things the right way for the right reasons.

## **WHY US**

---

- This is an excellent opportunity to work in a hands-on role with a VC-backed start-up. We are growing rapidly – and you will grow with us.
- You will gain knowledge, exposure and experience working in one of the most exciting industries (FinTech and Blockchain) alongside a team of experts from tech, strategy-consulting and banking, shaking up the traditional financial industry.
- You will face a broad spectrum of challenging and exciting tasks with a high degree of autonomy – become an entrepreneur within our company.
- We have an incredible working culture: open communication, a low-/no-hierarchy environment where only the better argument counts.
- You will be working in our brand-new, hip, goodies-packed, centrally located office in Berlin-Mitte (right off Checkpoint Charlie).
- You'll benefit from flexible working hours and locations.

## **ABOUT FINOA**

---

Your Key to Digital Asset Banking - Finoa is a regulated custodian for Digital Assets, servicing professional investors with Custody, Staking and Trading (coming soon). The platform enables its users to securely store and manage their crypto-assets, while providing a directly accessible, highly intuitive and unique user-experience, enabling seamless access to the ecosystem of Decentralized Finance (DeFi). Reference customers include the world's most renowned Venture Capital firms, large corporations and financial institutions. Finoa was founded in Berlin in 2018, is a qualified crypto-asset custodian (§64y Para. 1 KWG) and supervised by the German Federal Financial Supervisory Authority (BaFin). Finoa is backed by the financial investors Venture Stars, Coparion and Signature Ventures.
