

# WE ARE HIRING!

## FINANCE INTERNSHIP (m/f/div) Location: Berlin

### GENERAL DESCRIPTION

---

Are you ready to join **one of the most exciting FinTech projects** across Europe and become **part of the next wave of financial disruption**?

For our berlin office **we are looking for an ambitious Finance Intern** eager to learn and help us to shape our next generation of digital asset products.

We are building a team with diversity of thought and background, where the better argument counts – join us now!

**Sound exciting? Send us your cv at [recruiting@finoa.io](mailto:recruiting@finoa.io)!**

### WHAT YOU WILL DO

---

- Work directly with our Finance Manager and Founders to build an efficient and high performing Finance team to have a major impact on Finoa's business performance
- Support the day-to-day finance and accounting processes such as invoice management, monthly tax, regulatory, risk as well as investor reporting
- Research, gather and consolidate insights and support with financial analysis and business intelligence efforts
- Analyse financial trends and results, shareholder issues, and anything else that could impact the business
- Interact closely across departments within Finoa as well as with our international customer base to gather unique insights into the world of Digital Assets

### YOUR PROFILE

---

- You have finished or are currently pursuing your bachelor or masters' degree in Finance, Business, Controlling/ Audit or a related field
- You are reliable, self-motivated and a quick learner with exceptional analytical skills, attention to detail and experience in using structured approaches to problem solving
- You are fluent in German and English – any other language is a plus!
- Good level and knowledge in Microsoft Excel, Power Point, and Word
- You have a hands-on mentality, healthy entrepreneurial mindset, stress resistance as well as a willingness to take an active role in our fast-growing company

## WHY US

---

- This is an excellent opportunity to work in a hands-on role with a VC-backed start-up. We're growing rapidly – and you will grow with us
- After a successful completion of your internship, we would like you to stay with us
- You'll gain knowledge, exposure and working experience in one of the most exciting industries (FinTech and Blockchain) and in a team of experts from tech, strategy-consulting and banking, shaking up the traditional financial industry
- We have an amazing working culture: open communication, low-/no-hierarchy environment where only the better argument counts
- You will work directly with senior level, bringing a direct impact on Finoa's growth
- You will be working in our new, centrally located office in Berlin-Mitte (*subject to COVID-19*)

## ABOUT FINOA

---

Your Key to Digital Asset Banking - Finoa is a regulated custodian for Digital Assets, servicing professional investors with Custody, Staking and Trading (coming soon). The platform enables its users to securely store and manage their crypto-assets, while providing a directly accessible, highly intuitive and unique user-experience, enabling seamless access to the ecosystem of Decentralized Finance (DeFi). Reference customers include the world's most renowned Venture Capital firms, large corporations and financial institutions. Finoa was founded in Berlin in 2018, is a qualified crypto-asset custodian (§64y Para. 1 KWG) and supervised by the German Federal Financial Supervisory Authority (BaFin). Finoa is backed by the financial investors Venture Stars, Coparion and Signature Ventures.
