

WE ARE HIRING! | **LEAD/SENIOR SOFTWARE ENGINEER** (m/f/div) Location: **Berlin**

GENERAL DESCRIPTION

ARE YOU READY TO JOIN **ONE OF THE MOST EXCITING FINTECH PROJECTS** ACROSS EUROPE AND BECOME **PART OF THE NEXT WAVE OF FINANCIAL DISRUPTION?**

FOR OUR BERLIN OFFICE **WE ARE LOOKING FOR A LEAD/ SENIOR SOFTWARE ENGINEER** EAGER TO LEARN AND HELP US TO SHAPE OUR NEXT GENERATION DIGITAL ASSET PRODUCTS!

WE ARE BUILDING A TEAM WITH DIVERSITY OF THOUGHT AND BACKGROUND, WHERE EVERYONE IS ENCOURAGED TO COME UP WITH NEW IDEAS TO MAKE OUR CUSTOMERS' LIVES BETTER. OUR ENGINEERS NOT ONLY WRITE CODE BUT HAVE A REAL MEANINGFUL IMPACT ON THE DIRECTION OF THE PRODUCT AND THE COMPANY ITSELF!

SOUNDS EXCITING? SEND US YOUR CV AT [RECRUITING@FINOA.IO!](mailto:RECRUITING@FINOA.IO)

WHAT YOU WILL DO

- Designing, developing, and extending our banking software to ensure and improve stability, security, performance, functionality and robustness.
- Integration of new blockchains and protocols using cryptographic libraries to write applications to perform inside Hardware Security Modules.
- Reviewing code across the entire stack and performing tests fostering our thorough testing culture.
- Influence architecture and product roadmap collaborating with engineers, designers, product managers and senior leadership.
- Mentor junior engineers and help scale the team.

KEY REQUIREMENTS

- BS/MS degree or higher in Computer Science, Engineering, Physics, or another related subject.
- Highly experienced in C, C++, Git and GNU/Linux.
- Experienced in designing, shaping and maintaining critical software systems.

GOOD TO HAVE

- Experience with Hardware-Security-Modules (HSMs).
- Experience with cryptography and major public blockchains.
- Experience in SQL and/or NodeJS.

YOUR PROFILE

- Excellent communication skills in English with the ability to communicate effectively with technical and non-technical teams – German and other languages are a plus!
- Previous experience within Financial Services and/or FinTech startups is a plus!
- A strong sense of long-term ownership of the work you do.

WHY US

- This is an excellent opportunity to work in a hands-on role with a VC-backed start-up. We are growing rapidly – and you will grow with us.
- You will gain knowledge, exposure and experience working in one of the most exciting industries (FinTech and Blockchain) alongside a team of experts from tech, strategy-consulting and banking, shaking up the traditional financial industry.
- We have an incredible working culture: open communication, a low-/no-hierarchy environment where only the better argument counts.
- You will be working in our brand-new, hip, goodies-packed, centrally located office in Berlin-Mitte (right off Checkpoint Charlie).
- You will work with the management team, directly impacting Finoa's growth.

ABOUT FINOA

Your Key to Digital Asset Banking - Finoa is a regulated custodian for Digital Assets, servicing professional investors with Custody, Staking and Trading (coming soon). The platform enables its users to securely store and manage their crypto-assets, while providing a directly accessible, highly intuitive and unique user-experience, enabling seamless access to the ecosystem of Decentralized Finance (DeFi). Reference customers include the world's most renowned Venture Capital firms, large corporations and financial institutions. Finoa was founded in Berlin in 2018, is a qualified crypto-asset custodian (§64y Para. 1 KWG) and supervised by the German Federal Financial Supervisory Authority (BaFin). Finoa is backed by the financial investors Venture Stars, Coparion and Signature Ventures.
